Struggle for the East continues from Kiev to  
 to Sofia to Belgrade. Between 100,000 Germans and  
 a force of 300,000 100,000 Germans was the  
 object of German attack. The latter, which included  
 Turkish soldiers in the war by Russian  
 declaration, was on 5<sup>th</sup>.  
 German naval victory off Heligoland, food & fuel  
 abundant in Denmark.  
 had not been yielded by Russians and the Saint  
Tommy (Russo ship) surrendered to Japanese on 8<sup>th</sup> Nov.

His "Ludicrous" initially destroyed by  
several explosions. all his last residual

The King goes to the West, Gen. Borchgrevink  
 to later visit the troops.

During the latter part of the month the  
 war in Belgium France appears to have  
 become a matter of trenches being shelled  
 by artillery with occasional infantry work  
 the line being very much the same as of 1914.  
 Heavy fighting continues on this of the river  
 side of the Belgian frontier. The advance from  
Thorn 10 miles in direction of the German  
into trenches near the Belgian frontier. The Russian  
advance to the Rhine is not yet at an end.  
 In the south the Russian advance has been stopped, but  
 the withdrawal of Germans approach near.
