Overview of applicable Branch Guidelines

This mapping table sets out the Branch Guidelines which the PRA considered when proposing the reforms in Chapter 6 – Third-country branches of CP12/23. Where a row entry sets out a mapping location, the PRA considered the guideline and decided to set out provisions as requirements in PRA rules or policy. Where entries do not include a mapping location, the PRA considered the guideline and does not propose to include it in PRA rules or policy. The mapping table is based on the near-final rules and policy material published alongside PS2/24 – Review of Solvency II: Adapting to the UK insurance market on 28 February 2024.¹

This mapping table was also consulted on as part of Chapter 7 – Reporting and disclosure of CP12/23 and may change to reflect the outcome of Chapter 7 of CP12/23 and any changes to the associated rules and policy materials; this will be covered by near-final PS3/24 – Review of Solvency II: Reporting and disclosure (Phase 2)² (due to be published later in February 2024). For transparency, the PRA has highlighted in blue (otherwise unchanged) the proposed mapping locations arising from Chapter 7 – Reporting and disclosure of CP12/23.
