CRR restatement provisions - Interim Capital Regime

This appendix sets out which provisions of the CRR or a CRR level 2 regulation are reproduced in CRR rules for the purposes of the Interim Capital Regime and what changes (if any) are made. These provisions are referred to as CRR restatement provisions.

These CRR restatement provisions apply to ICR firms and ICR consolidation entities.

The CRR restatement provisions relating to provisions of the CRR are subject to textual modifications indicated in table 1 and the following modifications, as noted in that table:

- A. Any reference to the *PRA* or the *FCA* being permitted to make technical standards is omitted, together with any provisions concerning the content and purpose of such technical standards.
- B. Any reference to an obligation on the *PRA* is omitted.
- C. Any reference to the *Treasury* making regulations is omitted, together with any provisions concerning the content and purpose of such regulations.
- D. Any provision concerning the granting of a waiver, approval, permission or other form of consent by the competent authority (including as to its content and purpose) is a provision applying section 144G or 192XC of FSMA enabling the PRA to give a permission to disapply or modify the rule to the extent that the CRR provision enabled a waiver, approval, permission or other form of consent to be granted.
- E. Any reference to the Internal Ratings Based Approach is omitted, together with any provisions concerning the application of that approach.
