## 1 Overview

1.1 This statement is addressed to all firms regulated by the Prudential Regulation Authority (PRA) who are required to submit supervisory reports under the Regulatory Reporting, Close Links and Change in Control Parts of the PRA Rulebook.<sup>7</sup> Its purpose is to set out the PRA's expectations for how firms should complete the data items and returns required by those Parts.

- Chapter 2 and Appendices 1, 3 and 4 of this SS took effect from 1 January 2016, except PRA101-103 which took effect from 1 October 2017 and PRA104-108 which took effect from 1 January 2018. PRA 101-103 instructions in Appendix 1 took effect from 5 December 2018. Certain items in Appendix 1 published on 7 August 2019 and 19 December 2019 will take effect from 1 March 2020.
- Appendix 2 took effect from 1 July 2017, with certain items published 30 September 2019 taking effect from 1 October 2020.
- Appendices 5 – 7 took effect from 7 March 2016.
- Appendix 8 took effect from 1 January 2018, with certain items published on 7 August 2019 taking effect from 1 June 2020.
- Appendix 9 took effect from 1 January 2019, with certain items published on 19 December 2019 taking effect from 1 June 2020.
- Appendix 10 took effect from 1 January 2019.
- Appendix 11 took effect from 1 July 2019 with certain items published on 17 June 2019 taking effect from 1 January 2020.
- Appendix 13 takes effect from 1 January 2020.

1.2 This SS sets out the basis on which firms should complete data items and returns required under PRA rules. This is intended to ensure a consistent reporting framework to enable the PRA to use the information collected efficiently and effectively. It allows the PRA to meet its objective of promoting the safety and soundness of firms, as it enables the PRA to monitor firms' compliance with the requirement to maintain adequate financial resources, and with other requirements and standards under the regulatory system.

1.3 Chapter 2 sets out an example of how to interpret the reporting requirements where a firm carries out activities in more than one regulated activity group (RAG).

1 On 7 August 2019, this SS was updated – see the annex for full details.

1.4 The guidance on completing data items is set out in the following series of appendices:

## 2 Integrated regulatory reporting

2.1 This chapter is designed to assist firms to understand the reporting requirements set out in Chapter 2 of the Regulatory Reporting Part and in particular rules 2.1 - 2.3.

2.2 In the example of a UK bank that is not a FINREP firm or ring-fenced body, and that does not apply International Financial Reporting Standard 9 (IFRS 9), in RAG 1 that also carries on activities in RAG 5, overlaying the RAG 1 reporting requirements (Regulatory Reporting 7.1) with the requirements for a RAG 5 firm (Regulatory Reporting 11.2) gives the following:

| RAG 1 requirements (7.1)   | RAG 5 requirements (11.2)  |
|--|----------------------------|
| Annual report and accounts                                       | Annual report and accounts |
| Annual report and accounts of the mixed-activity holding company |                            |
| Solvency statement   |                            |
| Balance sheet  | Balance Sheet              |
| Income statement / Statement of profit or loss                   | Income statement           |
| Statement of Comprehensive income                                |                            |

| RAG 1 requirements (7.1)                               | RAG 5 requirements (11.2)                                 |
|--|---|
| Market risk  |   |
| <del>Market risk – supplementary</del> [Deleted]       |   |
| Forecast data  |   |
| Solo consolidation data                                |   |
| Interest rate gap report                               |   |
| Sectoral information, including arrears and impairment |   |
| IRB portfolio risk                                     |   |
| Daily Flows (Until 31 December 2019)                   |   |
| Enhanced Mismatch Report (Until 31 December 2019)      |   |
| Cash flow mismatch (from 1 July 2019)                  |   |
| Memorandum items                                       |   |
|  | Lending - Business flow and rates                         |
|  | Residential Lending to individuals - New business profile |
|  | Lending - Arrears analysis                                |
|  | Mortgage administration - Business profile                |
|  | Mortgage Administration - Arrears analysis                |
|  | Analysis of loans to customers                            |
|  | Provisions analysis                                       |
|  | Fees and levies   |
|  | Sale and Rent back  |

2.3 In this case, it is more obvious that the firm's reporting requirement in RAG 1 is not all the data items listed above. However, for the purposes of this exercise, it is the list of potential data items that is important. Thus comparing RAG 1 with RAG 5, the additional reporting requirements are:

- (a) lending - Business flow and rates, where Section D MLAR is required;
- (b) residential Lending to individuals - New business profile, where Section E MLAR is required;
- (c) lending - Arrears analysis, where Section F MLAR is required;
- (d) mortgage administration - Business profile, where Section G MLAR is required;
- (e) mortgage administration - Arrears analysis, where Section H MLAR is required;
- (f) analysis of loans to customers, where Section A3 of MLAR is required;
- (g) provisions analysis, where Section B2 of MLAR is required; and
- (h) sale and rent back, where Section K of the MLAR is required.

2.4 Fees and levies are not applicable as Regulatory Reporting 2.3 states that they are not required to be submitted under the lowest numbered RAG in this example.

2.5 The reporting frequency and submission times for items (a) to (h) above are then derived from the rules applicable to RAG 5 firms in Regulatory Reporting 11.2.

### 3 Accounting standards

3.1 The PRA may periodically request that firms provide the PRA with details of the accounting standard they use, including options chosen within this.

### 4 Waiver from individual reporting of certain FINREP templates

4.1 In the example of a UK bank or building society that forms part of a UK consolidation group (other than a group subject to ring-fencing), the PRA may, upon the fulfilment of certain criteria, grant a waiver from the requirement to report the following FINREP templates (included in Appendix 8) on an individual basis:

|                |   |
|----------------|---|
| Template 4.3.1 | Financial assets at fair value through other comprehensive income   |
| Template 4.4.1 | Financial assets at amortised cost  |
| Template 5.1   | Loan and advances other than held for trading by product  |
| Template 7.1   | Financial assets subject to impairment that are past due  |
| Template 9.1.1 | Off-balance sheet exposures and commitments and guarantees measured at fair value: Loan commitments, financial guarantees and other commitments given |
| Template 12.1  | Movements in allowances and provisions for credit losses  |
| Template 12.2  | Transfers between impairment stages (gross basis presentation)  |
| Template 13.1  | Breakdown of collateral and guarantees by loans and advances other than held for trading  |
| Template 18    | Information on performing and non-performing exposures  |
| Template 19    | Information forborne exposures  |
| Template 20.4  | Geographical breakdown of assets by residence of the counterparty   |
| Template 20.7  | Geographical breakdown by residence of the counterparty of loans and advances other than held for trading to non-financial corporations by NACE codes |
| Template 23.1  | Loans and advances: Number of instruments   |
| Template 23.2  | Loans and advances: Additional information on gross carrying amounts  |
| Template 23.3  | Loans and advances collateralised by immovable property: Breakdown by LTV ratios  |
| Template 23.4  | Loans and advances: Additional information on accumulated impairments and accumulated negative changes in fair value due to credit risk               |
| Template 23.5  | Loans and advances: Collateral received and financial guarantees received   |
| Template 23.6  | Loans and advances: Accumulated partial write-offs  |
| Template 24.1  | Loans and advances: Inflows and outflows of non-performing exposures  |
| Template 24.2  | Loans and advances: Flow of impairments and accumulated negative changes in fair value due to credit risk on non-performing                           |

|               |   |
|---------------|---|
|               | exposures   |
| Template 24.3 | Loans and advances: Inflow of write-offs of non-performing exposures  |
| Template 25.1 | Collateral obtained by taking possession other than collateral classified as Property Plant and Equipment (PP&E): Inflows and Outflows        |
| Template 25.2 | Collateral obtained by taking possession other than collateral classified as Property Plant and Equipment (PP&E): Type of collateral obtained |
| Template 25.3 | Collateral obtained by taking possession classified as Property Plant and Equipment (PP&E)  |
| Template 26   | Forbearance management and quality of forbearance   |
| Template 47   | Average duration and recovery periods   |

4.2 A firm may apply for a waiver from the individual requirements above if during the two most recent successive reporting periods set out in Regulatory Reporting 7.2, one entity within the UK consolidation group contributes between 90% and 95% of the total assets of the consolidation group (once intragroup assets have been deducted). When considering whether to grant the waiver, supervisors will make a qualitative assessment about the alignment of the business models of the individual entity and the group to determine whether it is appropriate to only collect consolidated data.

4.3 Any firm granted a waiver from those requirements on an individual basis must still report those templates on a consolidated basis, in accordance with Regulatory Reporting 7.1. One firm within the UK consolidation group should request the waiver on behalf of all firms in the group that require it. Details of the waiver are available on the PRA's webpages.<sup>2</sup>
